The chart displays the projected share of the population aged 65 and over in the EU from 2010 to 2035. The y-axis represents the percentage of the population, with a horizontal line at 20%. The x-axis shows the years 2010, 2015, 2020, 2025, 2030, and 2035. A thick horizontal line is drawn at the 20% mark. Multiple lines represent different countries, showing a general upward trend in the elderly population share over time. By 2035, most countries are projected to have a higher share of the population aged 65 and over than in 2010, with some countries reaching nearly 30%.
