The graph displays the projected percentage of the population aged 65 and over for various countries from 2010 to 2035. The y-axis represents the percentage, ranging from 0 to 30 in increments of 5. The x-axis represents the year, with labels for 2010, 2015, 2020, 2025, 2030, and 2035. A horizontal line at 20% indicates the current level. Most countries show a steady increase over time, with some countries like Italy and Germany showing more rapid growth in the later years.
