Economy-Wide Emissions: United States

The chart displays the 'Indice de confiance' (Confidence Index) over time, from 2008 to 2022. The x-axis is marked with the years 2010, 2020, and 2030. The y-axis represents the index value, with a grid of horizontal lines. A thick black line shows the average trend, which starts high and generally declines. Multiple thinner lines represent individual countries, colored in grey, blue, and red. A sharp red line indicates a significant drop in confidence for one country around 2020.
